

How to use the Novolizer Dry Powder Inhaler

1. Remove the cap and hold the inhaler horizontal. Do NOT shake inhaler.
2. Press the coloured dosage button completely, you will hear a loud double click and the control window will change from red to GREEN.
3. Breathe out gently
4. Put mouthpiece in mouth between the teeth and close lips around the mouthpiece.
5. Inhale the powder through the inhaler with a deep breath. You will hear a loud click indicating correct inhalation.
6. Remove the inhaler from the mouth and hold breath for 10 seconds, or as long as is comfortable.
7. Breathe out slowly away from the inhaler. The indicator window will have changed back to RED indicating correct inhalation.
8. Replace the cap and store in a dry place.

Demonstrate your inhaler technique to your GP, nurse, pharmacist or clinical specialist at every opportunity
